I donated three bucks to the Dem party so I can participate in the class action law suit against them, as email from Grucifer 2.0 reveals. Since 2015 the Party planned on shutting out everyone but Clinton despite what they said. A class action law suit is being filed for the Party misrepresenting that the DNC was unbiased in it's support of presidential candidates.

I support the Democrats -- will you join me?

Democrats are fighting every day for change that matters.
