DECLARATION OF NAMED PLAINTIFF ANGELA MONSON

I, Angela Monson, hereby declare as follows:

1. I am a resident of Dassel, Minnesota, and a named plaintiff in this action [D.E. 8, ¶ 13].
2. On Saturday, June 3, 2017, I awoke at approximately 5:45 a.m.
3. Although I primarily use my desktop computer, I have been having some issues with my desktop computer, so I went to use my laptop computer. The laptop was not in the mudroom where I recollect I left it the last time I used it, about a week prior. Instead, I found my laptop in the living room next to the end table between the couch and the window.

4. I live with mild cerebral palsy with no right hand fine-motor skills, so I am exclusively left-handed. I would not have placed the laptop on the end table, as that would not be convenient to a left-handed person.

5. When I plugged in my laptop, it made a snapping noise and did not turn on.

6. When I turned it over, the bottom cover of the laptop fell off. I then noticed that the bottom cover, which is attached to the laptop with 10 screws, had all the screws missing. I had used the laptop on multiple occasions before, and never had any issues with the back cover falling off, nor with missing screws.

7. My laptop is a Lenovo Yoga 2, which my son Adam had “souped up” to improve performance. No one else in my family uses my laptop.

8. My son Josh came down for breakfast, and he stated to me that he did not use my computer or unscrew the back.

9. While I was conversing with Josh, I noticed that the patio door was open approximately 3 inches. My son Josh further stated to me that he had not left the doors open or unlocked.

10. The patio door is heavy, and connects my living room to a three-season porch, which is above ground with a screened in porch below it as well. The door leading out to the west of the three-season porch was also unlocked. I always check, shut and lock these doors every night. I became instantly alarmed.

11. I then called local law enforcement. Upon inspection by the officer on the scene, Deputy Jeffrey Ho, my husband and I learned that the ground-level screen door leading to the screened-in porch on the lower level was also unlocked.

12. My husband had mowed the lawn on Friday June 2, 2017, and he stated to Deputy Jeffrey Ho that he had locked the bottom screen door after doing so.

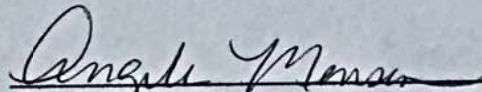

13. Aside from the foregoing issues, nothing else seemed to be missing or tampered with in my home.

14. Deputy Jeffrey Ho gave me a file number of 201700003193. I am currently in the process of trying to obtain a copy of the police report.

15. I am fairly active in local Democratic politics as a citizen, and I regularly attend Meeker County party meetings. I am a member of the Democratic Farmer Laborer (DFL) State Central Committee. I have been vocal in my community in my support of, and involvement in, this instant action.

I declare under penalty of perjury that the foregoing is true and correct.

Executed this 12th day of June 2017 in Meeker County, Minnesota.
